Note regarding research associated with Howard Hughes Medical Institute (HMMI) and Ludwig Institute for Cancer Research (LICR): Research of HHMI & LICR at UCSD is conducted by researchers appointed as faculty in UCSD departments. Such faculty are, financially speaking, on the payroll of HHMI and LICR. However, academically they are fully integrated into the University in the same manner as other University faculty. As a result, while research conducted by HHMI and LICR at UCSD does not appear on the University's books, academically such activity is fully integrated.
